Diego Mora Cespedes

Software Engineer (http://thetravelinghacker.io)

Professional Experience

09/2015 - Present **TechGrind - Bangkok,Thailand** *Software Engineering Internship*
Incubator & Venture Capital

- Built single-page websites using sTeam and AngularJS, often pair-programming remotely using Wemux.
- Administrated GNU/Linux servers using Salt, Proxmox and Linux containers.
- Worked in a startup environment, attending events and meeting entrepreneurs weekly.
- Received mentorship from the top entrepreneurs of Southeast Asia, constantly improving my entrepreneurship and soft skills.

03/2015 - 09/2015 **engageSPARK - Cebu, Philippines** *Web Development Internship*
Voice IVR and SMS Text campaigns made EASY

- Designed and built engageSPARK's credit card processing system - including anti-fraud mechanisms - from scratch.
- Added/improved features for engageSPARK's platform, such as scheduled tasks, missed calls and voice recording.
- Worked on the early stages of engageSPARK's REST API.
- Received comprehensive mentorship from senior full stack developers, helping me significantly increase my Python/Django, Javascript, GNU/Linux, and Git skills.

09/2013 - 02/2014 **Spheris Digital Ltd. - Beijing, China** *Web Development Internship*
Pix-Star Wireless Connected Digital Picture Frame

- Administrated the MySQL database and helped with customer service: 40000+ frames.
- Implemented/improved external provider's APIs (Google+, Facebook, Flickr, OneDrive, Dropbox) for photo imports.
- Translated Pix-Star's website from English to French and Spanish and coordinated the German translation.
- Added upload statistics and status for user's accounts.

Education

09/2014 - 02/2015 **Erasmus Exchange Semester** Hochschule für Technik und Wirtschaft – Berlin, Germany
International Media Computer Science Department. Master's degree.

09/2012 - Present **Engineering degree** University of Technology of Belfort-Montbéliard – Belfort, France
Computer Science and Engineering Department. Expected graduation date: March 2016.

09/2010 - 06/2012 **Classes Préparatoires aux Grandes Écoles** Lycée Jacques Amyot – Auxerre, France
2-year preparatory course for the entrance examinations to the top French engineering schools. Mathematics, Physics, Engineering and Languages.

About me

Multicultural background. Have lived in Bolivia, Spain, France, China, Germany, Philippines and now Thailand. Culturally sensitive and open-minded. Excellent language skills (fluent in Spanish, French and English). Certified Scuba Diver (SDI). Adore teaching, learning and team-building. Passionate about traveling, science, programming and geek culture.
